*Parameters*, a refereed journal of ideas and issues, provides a forum for the expression of mature thought on the art and science of land warfare, joint and combined matters, national and international security affairs, military strategy, military leadership and management, military history, ethics, and other topics of significant and current interest to the US Army and Department of Defense. It serves as a vehicle for continuing the education and professional development of USAWC graduates and other senior military officers, as well as members of government and academia concerned with national security affairs.
